Application Procedure

Application deadlines
01/06: Academic year and Fall term
15/05: Double Degree seeking students
01/12: Spring term

Nomination of selected students must be sent to international.etsit@upm.es two weeks before the application deadline.

Required documents
(to be uploaded in the on-line application before the deadline)

◊ Application form
◊ Learning Agreement (signed by Academic Coordinator)
◊ Motivation Letter
◊ Curriculum Vitae in Spanish or English
◊ Transcript of Records listing all courses completed by the student at the Home Institution
◊ Copy of a valid Passport or national identity card
◊ Copy of a valid insurance policy

Additional documents for degree seeking students:
◊ 2 recommendation letters
◊ Official GPA
◊ Language certificate
Degree Seeking Students
Requirements

- Existing double degree agreement
- Be preselected by the Home University.
- Applicants should have completed at least three years of university studies (180 ECTS). Other requirements may apply according to the signed double degree agreement.
- A minimum of B2 language level in English is required. Test score is required.
- B1 in Spanish is strongly recommended.

Traineeships / Research Project

In a Department, in a Group or in a Research Institute of ETSIT-UPM

Research Areas

- Signal Processing and Communications
- Radiofrequency Technologies
- Networks and Telematic Services
- Biomedical Engineering
- Electronic and Photonic Technologies
- Photovoltaic Solar Energy and other sustainable energies
- Horizontal Technologies

You must find at ETSIT a Professor who agrees to supervise your work.
- Institute Research Centers
- Research Groups
Spanish language courses (intensive and regular)

UPM Language Center is offering Spanish language courses in two different options:

- **Intensive Spanish courses:** end of August and January during 3 weeks (5 ECTS)
- **Regular Spanish courses:** weekly along the semester during 4 months (3 ECTS)

**Language level**

**Language of instruction**

ENGLISH AND SPANISH

A wide range of courses are given in English language.

If following classes in English, the minimum of English level required is B2.

If following classes in Spanish, the minimum of Spanish level required is A2 + Spanish intensive course or B1.

No certificate is required but when signing the learning agreement, the home institution guarantees that the student has sufficient language knowledge in order to follow classes and pass exams. In particular cases, a Spanish language certificate may be required.

**Academic Calendar**

**Fall term**

Classes: September — December
Examination period: January

**Spring term**

Classes: end of January— May
Examination period: June

**Additional examination period**

End of June—Beginning of July
GRADO EN INGENIERÍA DE TECNOLOGÍAS Y SERVICIOS DE TELECOMUNICACIÓN
4-year Bachelor Degree — 240 ECTS
Language: Spanish and English
[Link]

MÁSTER UNIVERSITARIO EN INGENIERÍA DE TELECOMUNICACIÓN
2-year Master Degree — 120 ECTS
Language: Spanish and English
[Link]

MASTER PROGRAMMES

- MSc in Photovoltaic Solar Energy (Spanish and English)
- MSc in Cybersecurity (Spanish)
- MSc in Biomedical Engineering (English)
- MSc in Telematic Services and Network Engineering (Spanish)
- MSc in Electronic Systems Engineering (Spanish)
- MSc in Photonics Engineering (Spanish)
- MSc in Signal Theory and Communications (English)
- MSc in Statistical and Computational Information Processing (Spanish)
Acommodation Service
for Incoming Students

FOR Incoming STUDENTS

UPM has a Welcome Center and accommodation offers. At ETSIT, we have a student guide for accommodation written in English, Spanish, Italian and French. It is quite easy to find a shared flat in Madrid (prices between 300€ and 450€/month for a single room).

Residences in the campus are available for exchange students and include room cleaning service, dinner, gym, cultural activities and sport facilities as swimming pool (prices between 600 and 900€/month).

UPM

Additional Information

WELCOME DAY

At the beginning of each semester, the international office of ETSIT organizes a welcome day for all incoming students. During this day, students will know more about the School and they will get information about courses registration, moodle platform, students clubs, etc. They also will be invited to a guided tour and meet their mentor and other incoming students.

INTERNATIONAL CLUB

Once a month, the international office invites students from ETSIT and incoming student to enjoy a drink at the “students cafeteria”. They have the opportunity to know each other and share experience as well as useful information. They may practice foreign languages and can participate in the activities organized at the international club.

Additional Information

BUDDY PROGRAMME

Incoming students are assigned a mentor student to help them in their first steps and adaptation in their student life at ETSIT-UPM. Cultural and sport activities are organized as well as meetings, excursions and parties.
