Master Programme in Electronics/Automation 120 cr

The Master Programme in Electronics/Automation is a two-year programme and requires an undergraduate degree in Electronics, Physics, Electrical Engineering or equivalent for admission.

The aim of the programme is to give the student advanced knowledge of electronics specialized in the field of Automation.

The Master studies are based on a previously achieved B.Sc. degree in Electronics, Physics, Electrical Engineering or equivalent.

An advanced theoretical programme is offered, with assignments and projects in a well-equipped laboratory. The modern, high-standard laboratory is the result of a cooperation programme between the university and related companies.

The university has extensive research activities related to the subjects of the Master Programme.

The programme is built of following courses:

- RF Measurement Technology
- Applied Mechanics II
- Wireless Sensor Networks
- Industrial Statistics
- Sensors and Measurement Technology
- Stochastic Processes
- Statistical Signal Processing
- Multivariable and Non-Linear Control Systems
- Advanced Digital Control Systems
- Computerized Image Processing and Machine Vision
- Robotics
- Advanced Projects
- Master’s Thesis

START
The programme starts in the autumn of 2019.

AFTER THE STUDIES
The programme aims to give the student qualifications for advanced engineering in relevant industry as well as qualifications for Ph.D. studies.

PREREQUISITES
Bachelor of Science (B.Sc.) or Bachelor of engineering (B.Eng.) degrees in Electronics, Physics, Electrical Engineering or equivalent. Relevant courses in Electronics must be included in the exam (individual evaluation). At least 30 credits (ECTS) in Mathematics and one passed course in Signal Processing.

ENGLISH PROFICIENCY
- IELTS: an overall mark of 6.5 and no section below 5.5
- TOEFL (paper based): 575 (with minimum grade 4.5 on the written test part)
- TOEFL (Internet based): 20 (scale 0-30) in written test, total score of 90.
- Cambridge ESOL: Cambridge English: Advanced (Certificate in Advanced English)
- Michigan English Language Assessment Battery (MELAB): 90
- University of Michigan, Examination for the Certificate of Proficiency in English (ECPE) for English 6
- Pearson PTE Academic: 62 (writing 61)

LIVING EXPENSES
In order to get visa for studies in Sweden, the Swedish Migration Board requires documentation of financial resources to an annual amount of 81900 SEK, i.e., 163800 SEK for the full programme, approximately equivalent to $17000 (October 2018).

For further information, please visit www.migrationsverket.se

APPLICATION
You apply to the programme online at www.universityadmissions.se

The application period starts at October 16, 2018, and deadline is January 15, 2019. Applications received after this date can only be considered if there are vacancies.

Application code autumn 2019: HIG-17079
